FROM THE BOARD ROOM

Good afternoon and for the 1st time this season, a warm welcome to the Bob Lucas for today's opening fixture with Evesham Utd.

As we start our campaign I would like to thank all of those who have been working incredibly hard in the off season to get us ready for today and the season ahead. So much work goes on behind the scenes which is vital for a club like ours.

I know I speak for all of us when I wish Warren, the staff and the players good luck for the season and ask that they give us there best every time they pull on the shirt.

Pre season has been tough for the players and hopefully the hard yards put in will stand them in good stead. The biggest disappointment is yet again we start the season with injuries unfortunately Calvin and Manny are both out currently. As a board we are doing all we can to support Warren and his staff.

Enjoy the game which will as with all the games this season will require us to be at our best and up for the fight.

Paul

FROM THE DUG OUT

I would like to wish Mike Ford and his Evesham United staff, Board and supporters to Weymouth.

I'm looking forward to the start of the new season and starting the competitive games over a long season.

We have recruited very well and kept the players that I think will make us stronger with our new additions, we have to be patient as this is a new squad still gelling and it will take time to get fully going.

The Chairman and Board have been fantastic and everyone is pulling together on and off the park. I'm looking forward to seeing the fans back at the Bob Lucas and let's hope we can get off to a great start.

FROM THE SA PETE NASH

Good afternoon to you all and welcome back to the Bob Lucas Stadium for the start of a new campaign. I would like to offer a warm welcome to the officials, staff and players of Evesham United, hope they enjoy their brief stay with us and wish them safe travels.

The off season has flown by once again, there never seems enough time to get everything done and ready in time for the first kick off at home of the new season. No doubt as you look around the ground you will notice a few changes. The club shop has had a major overhaul, growing in size, with a much improved interior layout. Please come and check it out. We are indebted to Andy Lambert who has put so much time and energy into seeing the project through. The pitch crew have been hard at work as ever with renovations and keeping the grass looking green throughout the largely warm and dry summer. The happy band of Monday Club volunteers have done an amazing job once again, painting, cleaning and repairing the stadium infrastructure. It is a never ending task but we are grateful for all that they do for us, they are a credit to the club. We hope you like what you see.

It was really pleasing to see such a great turn out for the season ticket launch and Q&A with manager Warren Feeney. We were not sure what interest there would be, but with over 70 supporters in the room, we were delighted with the response and the engagement was very encouraging. It underlined why we work so hard and keep on going, it's because our supporters are so passionate and want to see and be part of a thriving football club.

Unfortunately, I end on an extremely sad note. Late last month, our former membership secretary Ken Willis lost his 5 year battle with prostate cancer. His loss has been keenly felt within the SA, having kept in close touch with us all throughout his struggle with this terrible disease. A kind, generous and thoughtful gent, Ken will be missed. Our heartfelt condolences go out to all his family and friends at this terribly sad time.

Thank you all for your continued support,
we really do appreciate it.

Pete

Modern Football is ****!

Ben Ashleford

Welcome back everyone. We are all hoping for a successful season in this extremely tough division, so let's settle in for around 9 months of anxiety and stress. Football is supposed to be fun isn't it?

I've decided to use my programme column this season for a new mini-blog, which I'm calling 'Modern Football is ****' and I'm going to use it to explain each week, why modern football is actually rubbish and the salary justifiers at institutions such as The FA and UEFA & FIFA have butchered our beloved game to a point where it is virtually unrecognisable.

I take it as a personal insult. Almost like an abuse of a distant family member right in front of you. Talking about things such as VAR is a cop out. I want to use this column to really get into the nitty gritty of what and, who murdered the game I've been in love with since I could walk.

So, I'm not particularly great at self promotion, but I aim to entertain you each edition and in the next column, I'll be tackling possibly the biggest culprit, but certainly the biggest irony.....Television.

As always Radio Terras have you covered for every senior Weymouth game of the season.

Tune in Tuesday night for live coverage from Plymouth Parkway.

Good afternoon, everyone and after what seems an eternity it is great to be back here at the Bob Lucas Stadium. Firstly, a warm welcome to all of those who have come down from the market town of Evesham. We hope you all have a wonderful time on opening day here at the Bob Lucas Stadium and have a safe trip back to Worcestershire this afternoon.

Before I give my thoughts on today's game, opponents, and upcoming season just a personal thank you to all those who congratulated me on my election as Deputy Mayor Weymouth back in May. It is an unbelievable privilege to represent this town in this role, and you may spot me with the Deputy Mayor's badge of office at the odd home and away game. But once again thank you to all of you.

In what is our first game back in the Southern Premier League South since 2019 it is easy to think that we will be red hot favourites to go straight back up as title winners again. This league however is vastly changed from the one we left in 2019. Getting out of this league at the first attempt will be no mean feat (just ask Havant & Waterlooville and Hungerford). Having said that I do think we will be mixing it up near the top end of the league this season which will make a welcome relief from the staring downwards we have experienced since 2022.

Our opponents today have been knocking on the door for some time for a return to the Southern Premier League since their last stint in the 2011-2012 season when we were in the lowest of the lows as a club. They overcame local rivals Malvern 1-0 to book their place in this league for the first time since in 13 years. My prediction is that they will sadly struggle against some of the more established names in this league but could yet spring a surprise. We wish them well for the season ahead.

Meanwhile for us it has to be three points at home (for once on opening day) to get the momentum needed to really challenge towards the right end of the league this season. I feel like this is a fresh start after what has been 4 years in affect of struggle on and off the pitch.

Let us start the long road back to the National League South here today and get behind Warren and the Boys!
Cmon you Terras!

STATS AND FACTS NUMBERS BEHIND THE GAME

VS Evesham United

Finally a home fixture to kick off our campaign! It's the first time in three seasons we begin our league season at the Bob Lucas stadium and just the third occasion in the last eight! We will however be looking for better luck than previous years on match day no.1 and reverse a trend of four losses on the bounce. The last draw was a 0-0 stalemate in torrential conditions in Altrincham in 2020 and the last win the year before at Maidstone. Terras manager Warren Feeney is "Looking forward to the season starting and getting the fans behind us". He goes on to say that "Obviously we want to hit the ground running but we have to be patient with all the new players will have to gel together in the squad".

Evesham United, our opponents today, in some way appear to be linked to our recent journey. We last played the Worcestershire outfit in the 2011/12 Southern Premier season, the last time both teams were in that division before today. Our relegation at the end of last season coincided with a promotion for our visitors meaning that in April we were two divisions apart but are now league rivals once more in August.

Our last meeting against the Robins was however one to forget under manager Brendan King, a 0-4 drubbing half way through the season. We did however manage a 2-2 draw earlier in the campaign. That day we were reliant on two goals around the half hour mark to peck out a point from the game. The previous season were happier times against the Worcestershire outfit though as we took maximum points from the two league games. Firstly a large August Bank Holiday following egged on the team to win away and this was followed up by a 2-0 victory at home in December, both games under Ian Hutchinson's second stint as manager, feathers in his cap, a dynamic duo of victories!

Of the handful of names that have played for both clubs, Andy Preece is the one to stand out. Born in Evesham, he played for his home town club for a season before being snapped up by Northampton Town managed by none other than former Terras manager Graham Carr. Preece was loaned out to Weymouth in the 1988/99 season where he scored 3 times from 11 appearances. He went on to have a notable career in the football league before eventually turning his hand to management.

Woods Words

Richard Wood

Here we are once again, the start of another season.

Last season was one to forget, with relegation on the cards from quite early on, it was hard going for us fans.

So, we are back where we were five years ago: in the Southern Premier League.

If we thought it was difficult to get out then, it will be ten times harder now, with the current trend of owners splashing the cash having already made its way down to this division.

If we had have stayed in the National League South, I do wonder how we would have avoided a relegation scrap again, you only have to look at the likes of Salisbury, almost relegated last season, now with a new owner, they have made wholesale signings of a good standard and must be fancied as one of the challengers for promotion.

As good as Torquay looked last Saturday, even they will be up against some big spending outfits.

It used to be the exception that the likes of Dorking would build an unbelievable squad for the division, now it seems to be the rule.

It is all having a knock on effect though, there are a clutch of clubs at our level that are seemingly going for it, our neighbours up the road included.

They can't all be successful though, so we will have to wait and see how it goes.

We have kept some of last seasons squad, others have left, with quite a few staying at NLS level, so other managers can't think we had a bad team last season, but for one reason or another it just didn't work.

Reuben Reid is a player I have long admired, he is one of those players that you see playing against you for other clubs and you think, I wish he would come and play for us, so I was very pleased that we got his signature.

Results wise it has been a mixed bag in the friendlies, yes, it's nice to win every game, but it really is a fitness exercise, today and beyond is when it really counts.

We seem to have picked up a couple of injuries, to add to the Emmanuel Yeboah situation.

A good start really helps to set the tone for the season, let's hope this one is nothing like last seasons start, one of the worst on record.

So, off we go again!

'till next time, Up The Terras!
