FROM THE BOARD ROOM

Last week we held our Annual General Meeting, where we presented the accounts for the year ending 31st May 2025. It is fair to say they did not make for pretty reading. However, they are an honest reflection of where we are, and they underline the challenges we must face and overcome together.

On the pitch, our commitment is clear: we need to do everything possible to support the first team to stay in this league. Cost wise, whether we are in the league above or the league below, the amount of money needed to compete is more or less the same and there is nothing to suggest that relegation would somehow benefit us as I have seen mentioned. Stay in this league this season and aim high next.

Off the pitch, you may have noticed a great deal of activity around the ground. We are currently operating on a small budget to achieve as much of the work as we can — something we would like to change, but for the moment you have to be wise with what you have. So far:

- The renovation of the old boardroom is nearly complete, creating a far more flexible and usable working space for the benefit of the club.
- We are planning further internal improvements over the summer to enhance catering facilities and maximise revenue opportunities.
- At the rear of the Tony Hobson Stand, work is underway to create improved hard standing.
- We are exploring grant funding opportunities for a MUGA (Multi-Use Games Area) facility.
- Discussions are ongoing about reconfiguring areas of the ground to establish a fan zone next season.
- Discussions about creating a hub for the “community” section to create working space and educational facilities

When we have progressed those we will look at the next parts needed. I am always happy to speak personally with anyone who would like a broader overview of our plans. So please don't think we lack vision.

Turning to today's match, we welcome Havant & Waterlooville. When we visited them earlier in the season, they had recently changed management and results changed for them. However, we too have seen a positive shift following our own managerial change.

Our home ground is becoming a fortress once again, and this is a fixture in which we can take the points. That said, football guarantees nothing. We continue to manage the challenge of a narrow squad, and Barney's return to Eastleigh due to their player shortages presents another test for Jamie and the team today.

As always, we ask you to be the 12th man. Get behind the boys, raise the noise from the terraces, and believe.

FROM THE DUG OUT

Good afternoon and welcome to the Bob Lucas Stadium for today's match vs Havant & Waterlooville.

Today we look to continue our good form at home over recent weeks and bounce back from last week's result against Gloucester. It was a good performance from the lads and I felt we should have got something from the game.

I have been really pleased with the boys' efforts and the way we have played recently and that has been shown with some really good performances and we look to continue that today. We are gutted to have lost the services of Barney Stone after he was recalled by Eastleigh this week, but would like to thank him for his efforts during his time with the Terras. I and the rest of the club wish him all the best.

Please get behind the team today and make some noise for them.

Your support has been invaluable over the recent run of games, let's continue that today.

FROM THE SA ADE MACDONALD

Good Afternoon,

I'd like to welcome the supporters, players & officials of Havant & Waterlooville here to Weymouth. I hope you enjoy our hospitality this afternoon and I wish you all a safe journey back to Hampshire after the game.

Today we welcome new signing, Matt Neale as he makes his home debut in a Terras shirt. Matt was in the squad at Gloucester last week, but today is his first appearance on the hallowed turf. Welcome to the club Matt!

I'm sure everyone has also seen the news that Barney Stone has unfortunately left the club after the end of his loan spell here from Eastleigh. His energy & play up front will be difficult to replace. Barney has a good future in the game, and I wish him all the best as he leaves us.

Weymouth FC Hall of Fame.

The SA is privileged to be arranging the annual WFC Hall of Fame event again this year. Weymouth FC has a long history stretching back 136 years, since the Club's first official match took place on 24th September 1890. The Hall of Fame exists to recognise players, staff and volunteers who played their part in making that history. Each year we induct new names in, some of whom are chosen from a fans' vote. The annual dinner evening will be held at the club on Friday 20th March. I'll have more information on the menu and ticket prices in the next programme but, in the meantime, please take a minute to read more about the event and to vote for your choice from this year's shortlist of names.

All the information is here: [Hall of Fame 2026 – The Terras.](#)

FROM THE SA ADE MACDONALD

Claret & Blue Lottery

This is a great way that you can help us to raise money for the club and maybe win a few quid for yourself at the same time. Each month the proceeds are split 50/50, with half being paid out to lucky winners and half being donated towards the club playing budget. So far this season we have donated £4160 to the playing budget and paid out the same amount in prizes. These are the prizes that our winners picked up in January: 1st - £270, 2nd - £160, 3rd - £55. It's a simple formula, the more people who join and play, the more that is paid out to winners and donated to the club. Anyone aged 16 or over can play the lottery, for as little as £5 per month. If you'd like to join and play, then you can find all the information here: [Claret & Blue Lottery](#)

Weymouth FC AGM

The meeting was held last week and was reasonably well attended by shareholders (aka fans). The routine business of the meeting was for shareholders (aka fans) to accept the annual accounts, re-elect directors and vote on a special resolution proposed by the WFC Board. All three items were accepted by shareholders (aka fans) and so passed accordingly. For the record, WFCSA voted in favour of all three items. It's worth noting that the directors were questioned and responded on aspects of each item. Generally speaking the WFC AGM isn't the most exciting event in the calendar, but it is important, so I thought I should touch on it and let you know how we voted.

FROM THE SA

ADE MACDONALD

Football then.

After all, that's why we're all here. I wasn't at Gloucester last week, but I was following the online updates and the SA group chat. Everyone says how well the lads played and that the final score (3-1) flattered Gloucester a bit.

There were some good comments from a few Gloucester fans, saying that we looked a good side, played good football and even they said that the result was a bit harsh on us.

We've been on a high since the Christmas game at Dorchester and we've seen some great performances and results from the team. In the last four weeks they've taken six points out of a possible nine from the league's top three sides. Any team in this league would be happy with that!

Today we face familiar opponents in Havant & Waterlooville. Lately they've been progressing steadily up the league after a bit of a shaky start to the season.

With the Terras looking to get back to winning ways again the stage is set for another cracking game. Don't forget what I said at the top of the page. Matt Neale is making his home debut today, so let's show him what the Terras fans are all about. Enjoy the game.

STATS AND FACTS NUMBERS BEHIND THE GAME VS Havant & Waterlooville

We have always enjoyed a rivalry against our near-ish neighbours from over the border and have faced them regularly since Havant Town & Waterlooville merged in the late 1990s. How that rivalry started is debated but from memory I believe it started after a boardroom altercation between the Terras and one of the pre-merged clubs 30-odd years ago!

Our most recent encounter was of course the away league game back in November when a goal apiece from Maloney & Giwa-McNeil meant the Terras trudged back home via the A31 pointless. We fared far better though the previous time we played them in the league – a 1-1 draw away in the 2023/24 conference south campaign was followed up by our record win against the Hawks, 4-1 at the BLS with a quartet of different Weymouth players finding the back of the net.

Before that our last meeting was the previous season. It was April when a goal each from Brad Ash and Keelan O'Connell helped to secure a point. But by that time we had already played the Havant-based-outfit twice that term, most famously when a stoppage-time-scorcher courtesy of Ahkeem Rose famously sent us into round 1 proper of the FA Cup, setting up the tie against AFC Wimbledon.

Looking further back... we have locked horns in another 13 seasons since the first occasion back in 1998, including 8 consecutive campaigns from that point until 2005/06. Whilst most of these fixtures have been in the Southern league or Conference south we have also met in various cup competitions along the way. Older fans will of course remember tussles against the former teams of Havant (5 seasons in the 1990s) and Waterlooville (12 campaigns in the 1970's and 1990's).

HAVANT & WATERLOOVILLE

THE HAWKS TAKE FLIGHT

Local football can be traced as far back as 1883 in the Borough of Havant, when Havant FC was formed, playing in the Portsmouth Football League. In the 1950's Bobby Tambling made the large jump from playing for Havant FC (youth team) to join Chelsea, followed by International recognition with England. On retirement Bobby returned to the Havant area opening a local sports shop. In 1969 Havant FC merged with local side Leigh Park United winning the Portsmouth Football League at their first attempt.

This witnessed a boom time in the Club's history as they joined the 4th Division of the Hampshire League. Between 1970-1977 the team progressed through to the 1st Division of the Hampshire League. This meant their home ground at Front Lawn would be unsuitable if the Club was to progress any further. The current home of Westleigh Park was acquired in 1980 and after two years of hard work and considerable cost opened in August 1982. The new club was rebranded Havant Town FC.

1986 saw Havant Town FC as founder members of the Wessex League. They finished runners up on three occasions before finally winning the title and moving into the Southern League in 1991.

Meanwhile Waterlooville Football Club, who were established in 1905, had become firm fixtures in the Southern League since 1971. They too had slowly progressed from humble beginnings moving through Waterlooville District, Portsmouth and Hampshire League Divisions.

With the formation of the National Conference, the Southern League re-organised themselves. In 1981 the side from Jubilee Park nearly won the Championship but narrowly failed despite going 31 matches without defeat. Waterlooville then spent a lot of years proving too good for the Southern League but not quite up to the grade of the Premier one. 1993 witnessed an 11th place finish in the Premier, their highest ever placing.

Relegation and rising costs meant that the Club struggled to remain competitive and the talk of a merger with their fierce rivals was first mooted. Havant Town FC had their own problems as well. In 1997 Club Manager Tony Mount had left unexpectedly, taking the core of his talented squad with him. June 1998 saw the two rivals join forces. Jubilee Park was sold and the newly renamed Havant & Waterlooville FC was created.

A NEW ERA BEGINS

On the 22nd August 1998, the new look team beat Chelmsford City 2-0 to begin a new era in the Club's history. The team duly won the Southern League Southern Division, earning promotion to the Premier Division at their first attempt. With success came more financial backing and £500K was spent to bring the ground up to Conference standard. The Club had now improved both their Stadium and fan-base as the local community flocked to see their local heroes in action.

In 2004 the Club were part of the new restructuring of the Conference South.

Season 2006-2007 witnessed the highest placing for the Club, earning a play-off spot. A hard fought Semi-final against Braintree Town ended with the Hawks remaining in the Division.

Season 2011-2012 witnessed excitement of a different kind as the Hawks escaped relegation by the skin of their teeth, an extra time 93rd minute goal was badly needed to ensure that Conference football remained at Westleigh Park.

The last 16 years have seen the Club consolidate as an established member of the Blue Square South. With the game of football changing in the past few years, mainly due to financial matters being tightened up at all levels, the business side of all Clubs has become paramount. Fortunately the Club has been very prudent in this area and any money that has been made has been carefully re-invested in the Club as a whole; not just on the playing staff.

The Club can now boast a public house, The Westleigh, situated next to the ground. The stadium still retains its Conference 'A' Standard and is often viewed jealousy by visiting directors. The Club is working towards making the Club fully self funding with long-term security the ultimate aim.

The philosophy of the playing squad has changed over the past couple of seasons. Younger talent was sought out, backed up by some quality experienced Older heads to help establish growth of the squad year on year. 2005-2006 saw the Club Launch its Academy in conjunction with South Downs College. It is the Clubs impressive Cup exploits that has really captured both local and National attention as we have earned the un-official title of 'Cup Specialists'.

HAVANT & WATERLOOVILLE

THE BRADBURY ERA

Since Lee Bradbury's appointment as manager, the Hawks have been on a rollercoaster journey with both highs and lows culminating in the Hawks' promotion to The National League in 2018.

Bradbury's first full season in charge of the club saw the Hawks reach the semi-finals of The FA Trophy for only the second time in the club's history before being beaten by local rivals Gosport Borough to be denied a place in the Wembley showpiece.

However, a run of successive postponements meant the side had to play 13 matches in 43 days and such an accumulation of matches seemed to be the undoing of the sides hopes of making the Skrill South play-offs with a late Dover penalty seeing them sneak into the final spot and then winning promotion to the Vanarama Conference.

Following on from those disappointments, the Hawks looked to go from strength to strength. Havant reached the first round of The FA Cup for the first time since 2010 where they entertained Preston North End at Westleigh Park, a game which would be shown live on BT Sport in the UK and to viewers all around the globe. Unfortunately two red cards didn't help our cause as the three time winners ran out 3-0 victors.

Bouncing back from that disappointment, the Hawks got themselves in the play-offs that season, a feat which eluded them the season before. The task in the semi-finals was a tie against Boreham Wood over two legs. The Wood ran out 2-0 winners at Westleigh Park, before a 2-2 draw at Meadow Park would be enough to see them win 4-2 on aggregate before winning the play-off final.

The 2015/16 season saw Havant have the tag of favourites to gain promotion to the promised land that was The National League. And despite decent runs in both The FA Cup and FA Trophy, a season of despair was on the cards at Westleigh Park. The Hawks were left in a situation

where they had to beat Weston Super Mare on the final day to secure their status in the sixth tier or be faced with relegation. However, a 1-1 draw was all that they could muster and the Hawks would drop into the Ryman League Premier Division.

A first Hampshire Cup title did lighten the mood at Westleigh Park after a dramatic penalty shootout win over Winchester City at St. Mary's Stadium.

Lee Bradbury stayed on at the Hawks and going into their first season in the Ryman Premier League decided to move to a more local based squad of players who would be hungry to wear the Havant badge. This meant the signings of the likes of Alfie Rutherford, Jason Prior, Rory Williams and Bradley Tarbuck alongside the star signing of Wes Fogden.

Havant had a heavy favourites tag to get out of the division first time and fell at the first hurdle with a 3-1 defeat to Leiston on the opening day.

However, the Hawks would hold their nerve to keep themselves locked in a tight title tussle with Bognor Regis Town which would go all the way.

The two sides faced off on the penultimate game of the season at Westleigh Park with a Bognor win securing them the title, and a Hawks win putting them in pole position going into the final day of the season. A Wes Fogden goal 10 minutes into the second half gave the Hawks the 1-0 win needed to put the league title in their own hands going into the final day.

Havant drew 0-0 with Kingstonian, but with Bognor being held by Met Police, the draw would be enough to see the Hawks back into The National League South at the first attempt.

In the summer of 2018, the signing of Matt Tubbs was announced to bolster the squad heading into its first season back in The National League South.

HAVANT & WATERLOOVILLE

With the play-off system heading down to seventh place, hopes were high of a place in the end of season lottery.

However after a solid start to the season, where the Hawks found themselves fourth in the table, a run of victories in the New Year saw Havant climb to the top of the league table and locked into a title battle with Dartford.

Going into the final week of the season, the Hawks went into it behind Dartford by three points and on goal difference with a game in hand ahead of two final home fixtures.

The first took place on Wednesday 25th April against East Thurrock United. Having gone into the break 1-1, the Hawks put in a truly heroic second half display to win 6-1 and put them top of the table by 3 goals on goal difference going into the final day of the season.

The Hawks took on Concord Rangers at Westleigh Park whilst Bognor hosted Dartford. Havant went 2-0 up in the opening period and went into half-time confident of winning the title.

However, two goals from Concord twinned with Dartford's win at Nyewood Lane meant that the Hawks looked as if they had missed out on a golden opportunity to play National League Football.

But in the 89th minute up stepped Jason Prior to score and send Westleigh Park into raptures as Havant and Waterloooville won The National League South, and with it a place in Non-League Football's top tier for the first time.

The season also saw the Hawks win an unprecedented treble after winning both the Hampshire and Portsmouth Senior Cups.

The following season would be the Hawks' first in The National League. With excitement building as to who our first game would be against, we would quickly learn about the travelling the division would entail when we faced Barrow away in our first league outing.

We would lose that game 3-0, before two home draws against Boreham Wood and AFC Fylde respectively.

Our first win as a National League side would come five games in when we came back from 3-2 down in the 94th minute to beat Braintree Town 4-3 in the 96th minute thanks to late goals from Nicke Kabamba and Alfie Rutherford.

Three weeks later we would host our first televised league match when BT Sport selected our game with Aldershot Town at Westleigh Park for live broadcast. Havant would win the game 2-1 thanks to goals by Theo Lewis and Paul Robinson in either half to secure the victory.

A barren run would follow which would leave the Hawks second bottom before Halloween. After a 4-0 defeat away to Leyton Orient, Lee Bradbury recalled striker Alfie Rutherford from his loan spell at Eastbourne Borough.

He would be on the scoresheet twice as we ran out 7-0 winners over Maidenhead United at home in our largest ever National League win. That was followed by four home wins on the bounce against bottom of the table rivals FC Halifax Town, Maidstone United and Braintree Town.

A barren run after Christmas seemed to be the Hawks' downfall, victories against Barrow and Boreham Wood in consecutive league games was met with a run which saw the Hawks win just one league game afterwards.

Defeat at Solihull Moors on April 13 ultimately sealed Havant's fate and relegation back into The National League South.

After a 2-0 defeat to Aldershot Town on the second to last day of the season, Lee Bradbury and Havant and Waterloooville parted company.

Shaun Gale took charge of the Hawks' Hampshire Senior Cup final victory over Basingstoke Town, where we left it late to lift the trophy and our final league game against Barnet.

In April 2019, Havant and Waterloooville appointed Paul Doswell as manager.

HAWKS PROFILES

Ben DUDZINSKI: Dudzinski, 30, started his career with Durham City before joining then EFL League Two side Hartlepool in July 2016. Ben had a short-term loan spell with Darlington before he joined Lowestoft in July 2017. His next move saw him make the switch to Westleigh Park for the 18/19 Season in the National League where he made 29 appearances for the Hawks. In July 2019, Ben made the switch to Sutton United before joining Oxford City a year later. He had 3 seasons with the Hoops and played key parts in their 21/22 and 22/23 consecutive Play-Off achieving seasons, which included playing 28 games the season the club went on to win the National South Play-Offs. Ben made a switch to Dartford during the back end of that campaign which saw the Darts finish Second but fall to Play-Off defeat. After a spell at Eastbourne Borough, Ben made his return to the Hawks and was a constant in the side throughout the season, featuring an impressive 45 times in all competitions. In Summer 2025, it was announced that Ben would remain with the club heading into the 25/26 season.

Freddie TAYLOR: Taylor, 19, came through the youth system at Watford before joining Brentford. Woods Words

Richard Wood

It was a very satisfying result indeed a fortnight ago here against Poole Town. That win capped off a great run of three wins, all against good sides doing well in the league.

I got the feeling many from Poole turned up thinking that it was going to be another easy win for them, after our no show at Tatnam earlier in the season. Not this time.

I thought we thoroughly deserved the win, scoring two good goals and Max Evans saving a dubiously awarded penalty.

So, we have put some points on the board, but it has only really put us back in the race.

Other teams still are making no headway in playing any of their games in hand, with our away games tending to be on 3G surfaces and our great pitch and ground staff getting home matches played despite all the rain, we are clocking up more games played.

Last week at Gloucester sounded like a missed opportunity to get at least a point, although some felt the opportunity was there to grab all three.

Today's visitors were down at the bottom not long ago, but a good run of results has lifted them into a far better position.

I still think our fate won't be known for a while yet and may go down to the wire, but I would prefer it not to be quite that close.

There is still work to be done, it is still far from certain.

The feeling is we still need at least five more wins.

We will see.

'till next time,

Up The Terras!

THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

To subscribe, visit www.thenonleaguefootballpaper.com/subscriptions

ALFIE LUND'S incredible memorabilia collection and fundraising were proudly honoured at The NLP's National Game Awards ten years ago – now the Essex Senior League are aiming to help boost his scarf tally to 5,000!

Alfie's dad Mark picked up the Unsung Hero award at our NGAs back in 2016 in recognition of all the family were doing in raising awareness of a rare life-limiting condition.

Apart from being an amazing story about a dad and lad's connection to the beautiful game, it was touching to see the impact they were having.

What started at the local park grew into father and son travelling to games throughout the steps to collect enough items to surround a football pitch if tied together.

Mark arrived at Chelsea's Stamford Bridge – where we held the awards back in 2016 – with rolls of scarves he unfurled to decorate the room. It was quite the talking point among guests as they scoured the colourful display looking for clubs they knew.

Shirts donated along the way were later sold, with the funds raised going to MECP2 Duplication Syndrome UK, supporting families with respite breaks,

long hospital stays, sensory equipment and, sadly, funeral costs.

Since then, Alfie's scarf haul has passed 3,438 and the ESL are hoping to help them reach a huge milestone with clubs already donating their own colours.

"There is now a new target in sight, we at Essex Senior League would like to help get Alfie to 5,000 scarves!" the ESL said. "If any level of the game can help make that happen, it's Non-League football.

"If any club, supporters or league can donate a scarf, old or new, you can help Alfie take another step towards that incredible milestone."

While Alfie isn't able to travel as far any more, the duo can often be seen out and about at Non-League grounds in the north west or at their Wigan Athletic.

If you've got any scarves you'd like to donate and help boost the target, they'd be pleased to hear from you.
